Kondepadu Village, Prathipadu Mandal, Guntur 522019 - AP

Career Objective:

Final-year B.Tech student with hands-on experience in Python, MySQL, HTML, CSS. Skilled In building real-world projects using tools. Dedicated to applying data-driven problem-solving Skills in developing innovative , scalable software solution while continuously enhancing Technical expertise in a collaborative environment.

Academics:

Qualification	Institution	Examining Body	Score	Year of Passing
B.Tech	R V R & J C College of Engineering, Guntur	Autonomous	8.66/10	2027
12 th	Sri Chaitanya Junior College, Vijayawada	Board of Intermediate Education, Andhra Pradesh	94%	2023
10 th	Sri Chaitanya School, Guntur	Board of Secondary Education, Andhra Pradesh	97%	2021

Internship: EI Systems – Artificial Intelligence (May-June2025)

- Trained on Artificial Intelligence through a 6-weeks immersive training program, applying core concepts to real world challenges
- Completed a project on **Gender Detection using AI**, showcasing skills in data preprocessing, model building, and performance evaluation

Projects:

Gender Detection using AI Project – EI Systems (May – June 2025)

- Designed and implemented a machine learning model to classify gender based on facial features using supervised learning techniques
- Presented the project as part of an AI internship with EI Systems, demonstrating practical application of computer vision and classification algorithms

Smart Watering System for Irrigation

- Designed and developed an intelligent irrigation system leveraging Arduino/ESP32 microcontrollers, soil moisture sensors, and water pumps to automate crop watering.
- Implemented real-time monitoring of soil conditions, enabling dynamic control of water flow to prevent over-irrigation and ensure optimal moisture levels.
- Programmed efficient watering algorithms in C++ and Python to optimize water usage, enhance crop health, and support sustainable agricultural practices.

Certifications:

- Programming in Python, from NPTEL, Oct-2024
- Internet of Things, from NPTEL, April-2026
- Programming in C, from Dream India Technologies, Aug-2023
- Certificate in AI-ML Virtual Internship from Google, EduSkills, March-2025

Skill Set:

- Core skills:** Data Structures & Algorithms, DBMS, Computer Networks
- Computing skills:** Proficient in python, c language, Web Development

Extra-Curricular Activities:

- Participated in NAREDCO property show 20-Jan 2025
- Actively engaged in a one-week National Service Scheme (NSS) campaign, supporting activities related to environmental protection and community awareness.
- Played a key role in organizing “Mind Maze” at the college fest, contributing through leadership, communication, and teamwork skills.
